

SAHARA
ELEVATOR SOLUTIONS

COMPANY PROFILE

*More than movement,
We engineer experiences*

**PREMIUM, TAILOR-MADE SOLUTIONS
FOR VILLAS, PENTHOUSES, HI-RISES,
INDUSTRIES AND BESPOKE SPACES**

*WHERE ELEVATED LIVING MEETS
INTENTIONAL DESIGN*

**POWERED BY
EXPERIENCE, GUIDED
BY TECHNOLOGY
*BUILT FOR THE FUTURE
OF MOBILITY***

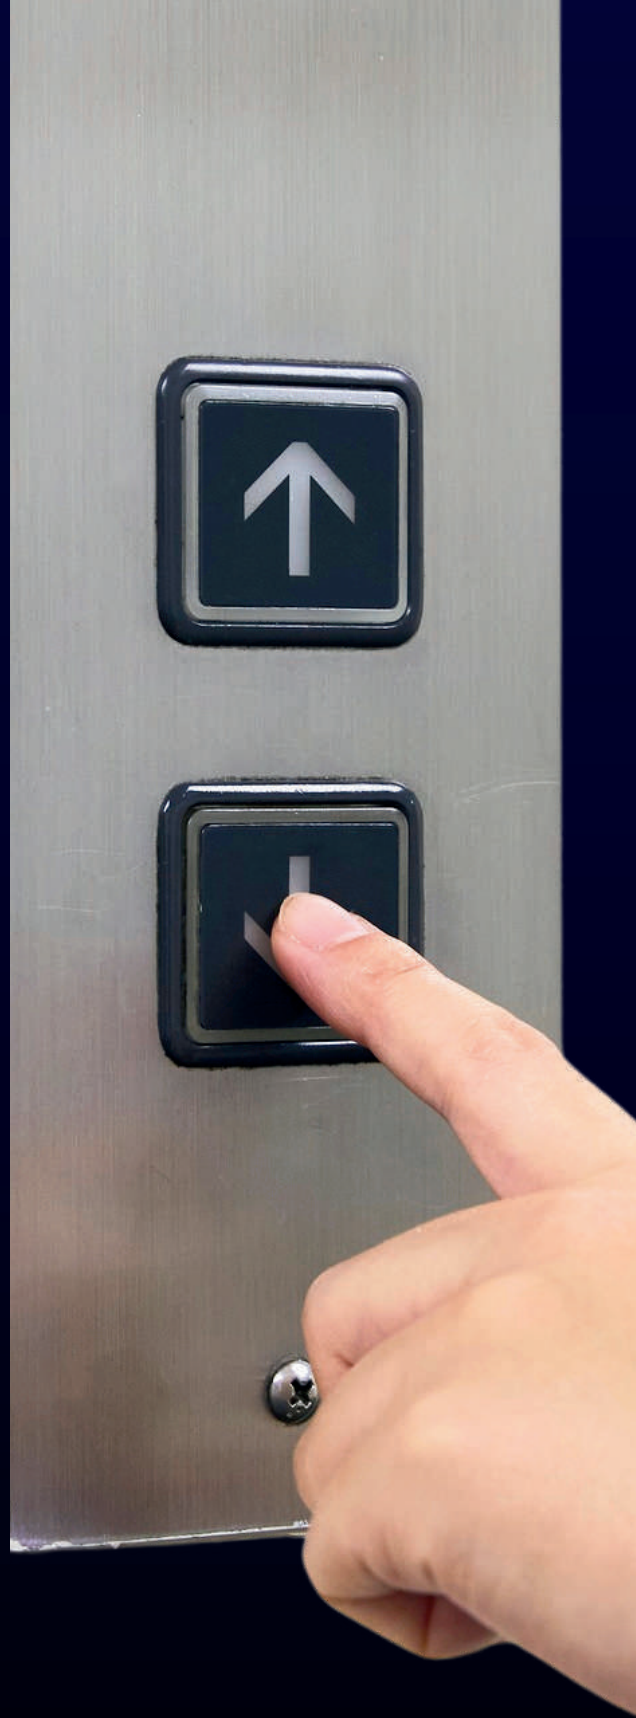

Elevating Standards

One Floor at a Time

In collaboration with

With over a decade of excellence, **Sahara Elevator Solutions** has been a trusted name in vertical transportation, delivering over 2,500 installations across Pune, PCMC, Mumbai, Goa and beyond. From premium residences to commercial high-rises and industrial setups, we provide cutting-edge lift solutions that prioritize safety, innovation, and efficiency.

RESIDENTIAL

- Tailored for luxury residences, villas, and private properties.
- Silent, smooth, and space-efficient designs.
- Aesthetically designed to match interiors with premium finishes and materials.

MID & HIGH-RISE

- Advanced traction and hydraulic elevators for residential and commercial buildings.
- High-speed and high-capacity solutions with load capacity up to 5 tons.
- Designed for seamless passenger flow and minimal downtime.

SMART ENGINEERING *SEAMLESS MOBILITY*

ENGINEERED RELIABILITY

Seamlessly integrated control and drive motor systems make elevator installation and commissioning faster and more efficient. Advanced multi-parameter monitoring systems help minimize downtime and enable quick troubleshooting. All components undergo extensive testing and computer modeling to ensure optimal safety, reliability, and performance.

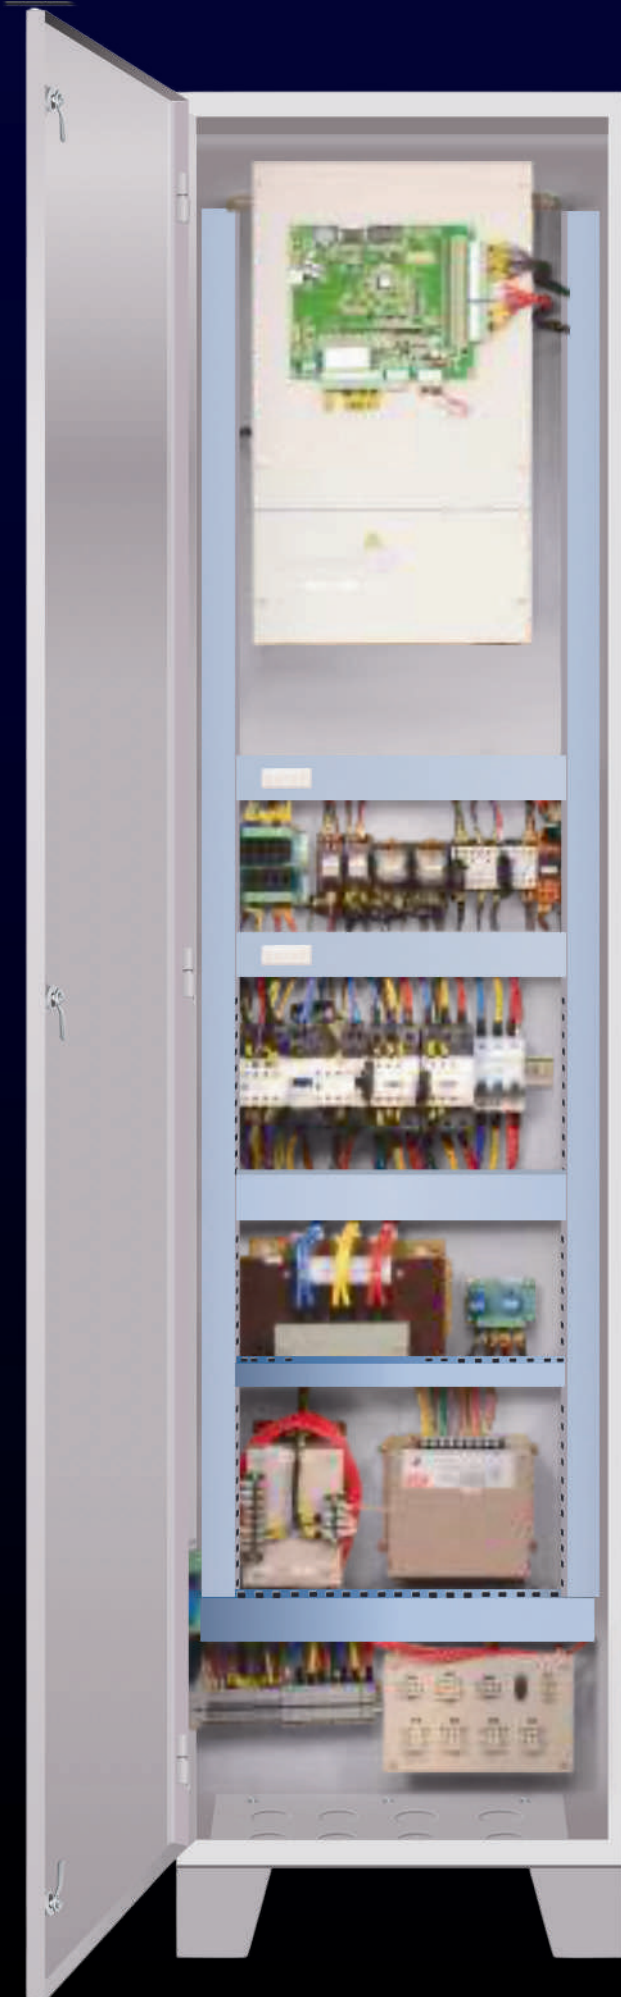

ARCHITECTURAL FLEXIBILITY

Compact machine-room (MR) and machine-room-less (MRL) options give architects and designers the freedom to optimize usable space and create visually appealing building facades without compromising on performance.

ECO-FRIENDLY & ENERGY EFFICIENT

Equipped with energy-saving permanent magnet motors and cutting-edge inverter drive systems, our elevators offer precise speed control while dramatically reducing energy consumption. Next-gen processors and smart software help shorten wait times, reduce unnecessary operation, and extend the lifespan of elevator equipment — making every ride smoother and more sustainable.

PRECISION TECHNOLOGY THAT POWERS PERFORMANCE

ADVANCED ELEVATOR CONTROL SYSTEMS

Utilizing high-speed 32-bit digital processors and CAN BUS technology, our elevators deliver exceptional safety, rapid response, and a range of intelligent features including:

- Seamless stop control through direct ramp-down
- Adaptive systems that learn and reduce passenger wait times
- Real-time fault detection and automated emergency response
- Sophisticated VVVF drives with Heidenhain encoders and advanced algorithms for energy-efficient, precision-controlled elevator movement

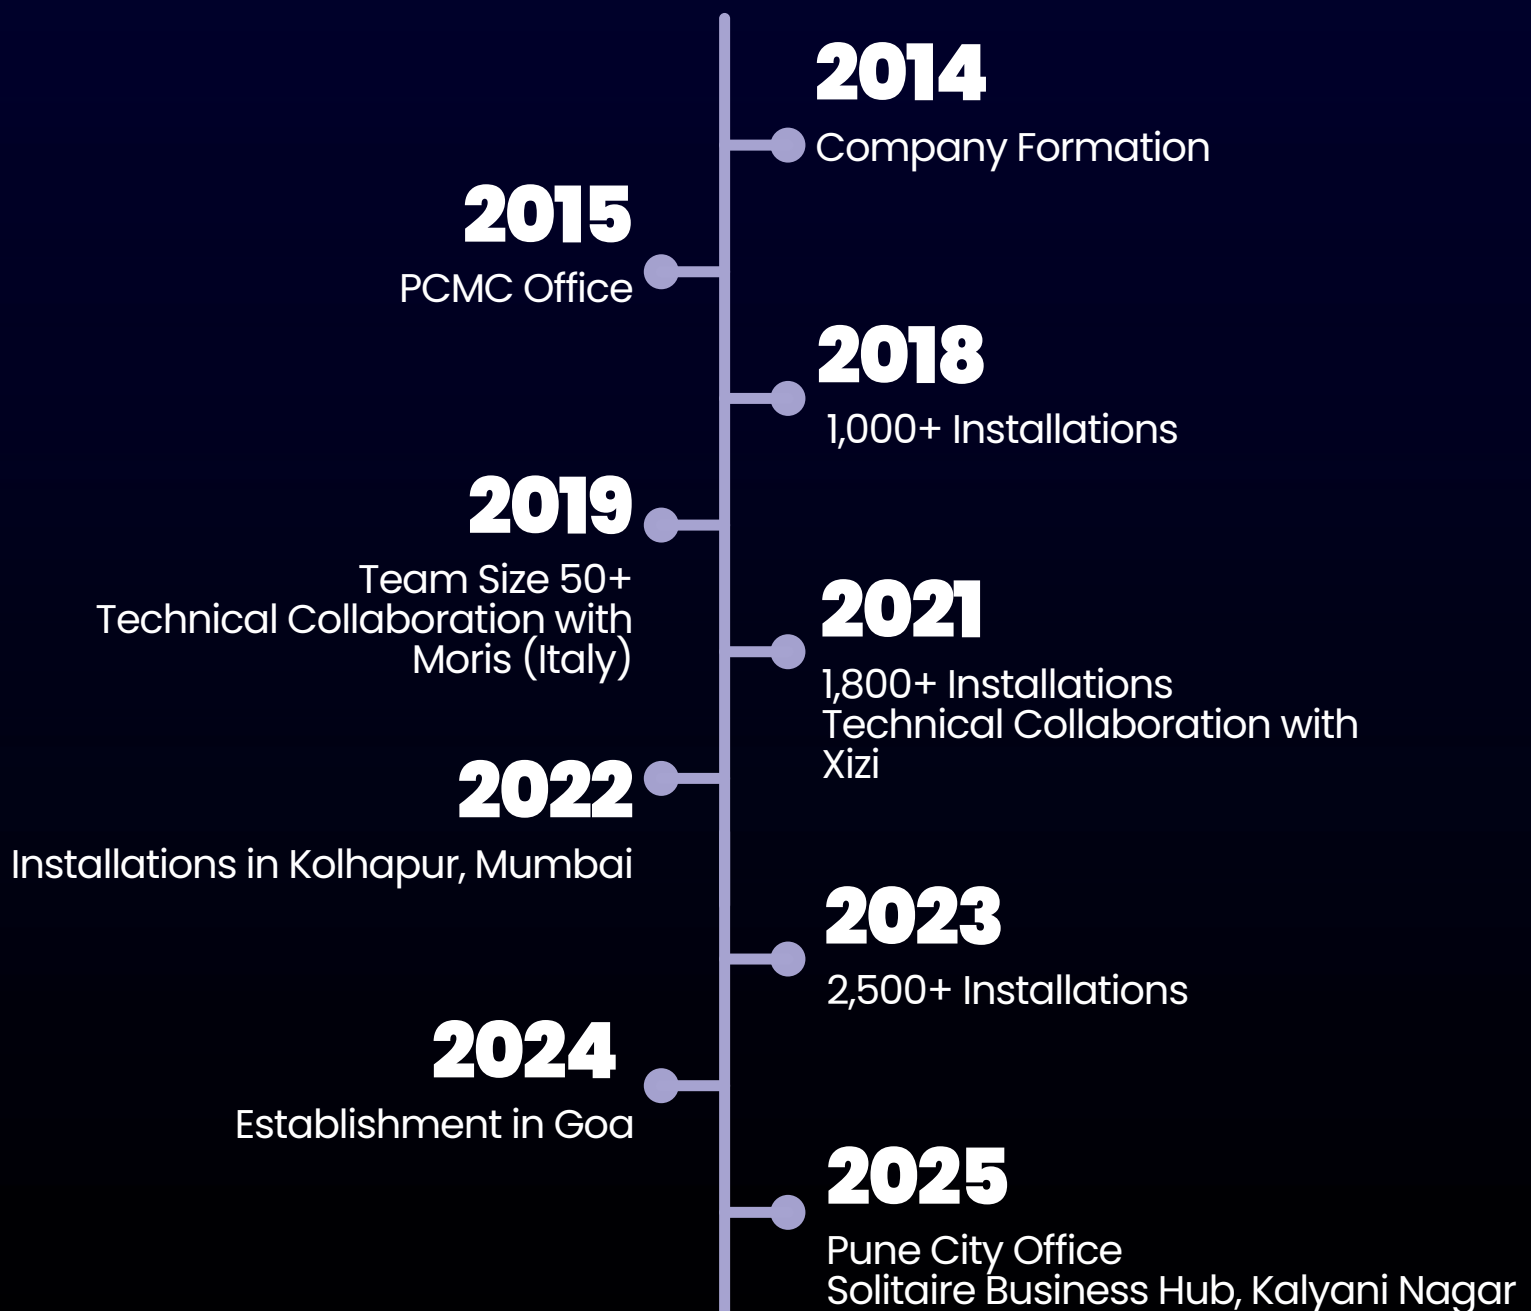

WHISPER-SMOOTH RIDE & INTELLIGENT DOOR SYSTEMS

Our elevators feature cutting-edge components engineered with high precision and tight manufacturing tolerances to ensure an ultra-smooth, high-quality ride. The use of VVVF-driven, contactless door systems guarantees quiet, reliable operation every time.

OUR JOURNEY UPWARDS *A DECADE OF TRUSTED ELEVATION*

From a modest beginning in 2014 to becoming one of India's most trusted elevator solution providers, our growth has been defined by innovation, precision, and long-standing partnerships. Each year marks a milestone in our pursuit of engineering excellence — expanding footprints, strengthening teams, and delivering future-ready mobility solutions across Maharashtra and beyond. With over 2,500 installations, multiple technical collaborations with global giants, and a dedicated presence in major cities, we continue to rise — floor by floor, project by project.

This is more than a timeline. It's our legacy in motion.

Some of our clients

At Sahara Elevator Solutions, we don't just build elevators — we build trust, longevity, and movement that enhances life.

With every floor we reach, we elevate expectations. With every project we deliver, we reinforce our promise of safety, precision, and design-forward thinking.

We're proud to partner with visionaries, architects, and developers who understand that how you move defines how you live.

THE FUTURE MOVES UPWARD.
LET SAHARA TAKE YOU THERE.

GET IN TOUCH

PUNE CITY

206, Solitaire Business Hub, Kalyani
Nagar, Pune – 411006

+91 9822057058

PCMC

Gurukripa Bldg, B1/2, Vishal Nagar.
Pimple Nilakh – 411027
